

LAURASTAR'S WORLD-FIRST CONNECTED IRON

LAURASTAR SMART U

 **SWISS** TECHNOLOGY | DESIGN

EXCLUSIVE EDITION

THE FIRST IRON TO THINK AND ACT ON YOUR BEHALF

YOUR IRONING COACH

Thanks to Bluetooth technology, your ironing system connects to the mobile app to become a coach that will beautify your clothes.

Three types of video tutorials to assist you during everyday use; the videos guide you through installation and basic ironing techniques, and give you expert advice to iron silk, cotton or wool.

YOUR COACH TO FOLD YOUR CLOTHES

The cover is ingeniously designed to make your life easier. Its graphic lines are visual markers that help you to position and fold your clothes. This universal cover is designed for all ironing boards.

WHEN TECHNOLOGY MEANS SIMPLICITY

“Sensteam” technology captures the movements that you make with the iron and automatically activates the steam. There's no need to press a button; your movements alone are enough to trigger it. This technology is patented by Laurastar.

Pulsed steam is diffused in a series of pulses. It is optimally dosed for perfect results whatever the colour or material of your clothes.

The 3D active soleplate straightens the fabric while the steam is perfectly distributed across its entire surface to effortlessly eliminate creases and refresh fibres deep down. Unrivalled ironing quality in a single movement! This technology is patented by Laurastar.

The four-speed **vacuum and blower system** inflates the board with air to straighten fabrics and prevent unwanted creases, or holds the clothes firmly on the board for flawless folds.

Laurastar's exclusive **professional iron** diffuses an ultra-fine and powerful steam that adapts to all fabrics and enables vertical steaming. Its rounded shape helps to prevent unwanted creases.

The thermostat's perfect temperature has been studied and programmed to give perfect results on all fabrics. There's no longer any need to adjust the temperature.

LAURASTAR SMART U

SWISS TECHNOLOGY | DESIGN

FEATURES

3 MINUTES: your system is ready thanks to its quick heat-up.

10 MINUTES of non-use and it automatically turns off.

6 HEIGHT ADJUSTMENT SETTINGS to adapt to all sizes.

2 PAIRS OF INTEGRATED WHEELS for easy transportation.

Takes up only **22 CM (8.7 IN)** once folded.

1 SECOND: the electric cable is instantly tidied away thanks to the automatic rewinder.

ACCESSORIES

Anti-scale filter

Steam cord holder

Protective soleplate with hanging hook

Universalcover board cover

APP AVAILABLE ON

TECHNICAL SPECIFICATIONS

Professional iron: ultra-fine, powerful steam

Steam pressure: constant pressure, 3.5 bars (double volume)

Fan power: 4 speeds, 7.2 W

Board height: 6 levels, 83-104 cm / 32.7-40.9 in

Water tank capacity: approx. 1.2 L / 40.6 oz.

Dimensions (H x W x L): 132 x 42.4 x 21.8 cm
52 x 16.5 x 8.3 in

Appliance power: 2200 W

Total weight: 19 kg / 44.09 lbs

Weight of iron: 1.1 kg / 2.2 lbs

Guarantee: 2 years
(European Union and Switzerland only)

INFORMATION ABOUT PALLETISATION

Package dimensions
(H x W x L): 23.5 x 43.8 x 145.5 cm
9.3 x 17.2 x 57.3 in

Pallet dimensions
(H x W x L): 211.5 x 87.6 x 145.5 cm
83.3 x 34.5 x 57.3 in

Number of units per pallet: 18
