Quartz One Start Ignition on all burners

Fully seam welded vitreous enamel fire box

Front access, full width drip tray

Individual zinc cast iron control dials with clear heat level graphics

Powder Coated Trolley on castor wheels with spacious side shelves, back bump & two door storage cabinet

BENEFITS

DURABLE, FLEXIBLE AND EFFICIENT

With cast iron burners and stainless-steel vaporisers, you have one of the most durable, flexible and efficient cooking systems available. Cast iron heats quickly, maintains consistency and lasts a very long time. With 17MJ of power in each burner, you can always turn the power down, giving you the choice in what you cook and how you cook it. And the stainless-steel vaporisers efficiently disperse the flames across the grill & plate surfaces whilst reducing those flare ups

SOMETHING ON THE SIDE

Our integrated & powerful side burner extends outdoor cooking. Saut side vegetables, stir sauces or just cook the onions in a separate pan. If not, needed, fold down the lid for a right hand table

SPACIOUS & DURABLE CAST IRON COOKTOP

Cook up a feast for many for years to come on our spacious & durable cooktop. Made from cast iron, the cooking surface doesn't chip & rust resistant, whilst heating quickly and evenly, holding its warmth for the best cooking experience

THE PERFECT VIEW

Keep an eye on whats cooking without lifting the lid. Maintain heat using the built in temperature gauge or peer through the full width glass viewing window to check how those sausages or brisket are doing.

KEEP IT COOKING OR KEEP IT WARM

The chrome wire elevated cooking rack keeps food warm or use it as a 2nd elevated cooking area

READY, START, COOK

Start cooking quickly and easily with the quartz one start. This first time, every time, easy start ignition system makes sparking up the BBQ a breeze.

CONSTRUCTED TO LAST

Built to withstand high heat over time the burner box is built of high grade enamel. Fully seam welded throughout, moisture & grease don't get into the gaps, creating rust

CLEAN UP WITH EASE

Designed for an easy clean-up, the hotplate has raised sides preventing grease & oil overspilling, drawing it instead to the plate opening & into the front access catchment tray.

CONTROL THE COOKING

A control dial for each burner, allowing you to be in charge of the heat. Turn the hotplate burners up for searing, & the grill burners down for that slow cook.

EVERYTHING WITHIN REACH

A practical BBQ trolley with ample storage for gas cylinders and your BBQ accessories, with spacious side shelves. The bump stop trolley feature prevents pushing the BBQ directly against the wall, providing extra ventilation & preventing damage to the hood when its rolled back.

Specifications

PRODUCT PROFILE

Type of BBQ	Free Standing
Finish	powder coated, Graphite
BBQ Frame Finish (BBQ Burner Box Finish)	Fully Welded Porcelain Enamel

FEATURES

Controls of BBQ	Rotary Knob
Position of controls	front mounted
Laser Etched Graphics	yes
Hotplates	1
Hotplate finish	rust resistant porcelain enamel coated cast iron
Grills	1
Grill finish	rust resistant porcelain enamel coated cast iron
Roasting hood	Yes

SPECIFICATIONS

Type of Fuel	Gas
