

SO4102S3B3 COMPACT LINEA STEAM100 OVEN

MADE IN ITALY
Since 1948

FULLY FLEDGED 3-IN-1 APPLIANCE

Behind the oven door of the Steam100 is one of Smeg's hidden secret ingredients for success in the kitchen. The Smeg compact Steam100 oven combines traditional and steam cooking techniques to help deliver fresh flavours and healthy meals that are cooked to perfection. Offering fantastic versatility, the Steam100 can be used in 100% steam mode, combi steam mode or as a full multi-function oven.

COOK FOOD GENTLY AND QUICKLY

Combine steam with traditional cooking for up to 6 hours at a 20% steam level or up to 55 minutes at full 100% steam cooking.

Steam cooking:

- ✓ Uses less fat for healthier cooked meals
- ✓ Minimises shrinkage (maintains its volume)
- ✓ Meats become more succulent and juicy
- ✓ Leavened doughs can rise and begin cooking before crust is formed

EIGHT TRADITIONAL COOKING FUNCTIONS:

QUICK AND INTUITIVE WATERLOADING

An integrated 800ml water tank guarantees up to six hours of autonomy with a single water tank fill at the start of preparation.

EASY CLEANING

Utilising the Vapour Clean function, the Steam100 uses steam to help lift spillages and burnt on food residue from the inside of the oven for quick and easy clean up.

NEW GENERATION DOOR

Equipped with a soft and silent internal glass release system. Plus, the opening and closing of the door are quick and silent thanks to the soft open and soft close system.

MINIMALIST DESIGN

An elegant aesthetic that incorporates modern minimalist design trends, Linea is characterised by symmetrical lines, balance and light. Any combination of premium Linea appliances will make a real style statement in the kitchen.
